Equipped with World Class Facilities, 15 Redeveloped Stations in Rajasthan like Jaisalmer, Bundi, Barmer, Mandalgarh & Somesar etc. are Serving Passengers with Latest Amenities

With 2 Side Entry, One More Platform, 6 Metre Wide Two Overbridges & Nine Lifts, Alwar Railway Station Being Redeveloped at a Cost of ₹112 Crore

Blending Rajasthan Architectural Heritage with Modern Infrastructure, Alwar Station Redevelopment Progressing Rapidly: Ashwini Vaishnaw

Posted On: 15 MAY 2026 6:00PM by PIB Delhi

The Union Minister for Railways, Information & Broadcasting, and Electronics & Information Technology, Shri Ashwini Vaishnaw, Union Minister for Environment, Forest and Climate Change, Shri Bhupender Yadav, Chief Minister of Rajasthan, Shri Bhajanlal Sharma laid the foundation stone and dedicated to the nation various projects worth over ₹400 crore in Rajasthan virtually today. State Minister Shri Sanjay Sharma, along with other dignitaries and senior railway officials also attended the event virtually.

The Railway Minister said that redevelopment work at Alwar railway station worth ₹112 crore is being undertaken under the Amrit Bharat Station scheme. Strategically located on the important Delhi-Jaipur route, Alwar station serves as a major hub catering to thousands of passengers every day. Keeping in view the continuously rising passenger footfall, the station is being upgraded with improved traffic management systems, ample parking facilities, organised arrival and departure areas, and modern passenger amenities.

Shri Vaishnaw said that redevelopment work at Alwar Railway Station is progressing rapidly and the station will emerge as a modern and aesthetically designed facility after completion. He said that the redevelopment of Alwar station has been planned in line with the vision of Prime Minister Shri Narendra Modi that railway stations should act as connectors for cities. He added entry facilities are being developed on both sides of the station to improve urban connectivity. The station buildings are being constructed in accordance with the cultural and architectural heritage of Rajasthan. Modern platforms, foot overbridges, parking arrangements and passenger movement facilities are also being developed, Shri Vaishnaw added.

अलवर स्टेशन का काम तेजी से आगे बढ़ रहा है। इसमें कई सारी सुविधाएं होंगी। सेकंड एंटी गेट, राजस्थान की स्थापत्य कला के हिसाब से स्टेशन बिल्डिंग, एक्सट्रा प्लेटफॉर्म, फुट ओवर ब्रिज और पार्किंग आदि का ध्यान रखा गया है: माननीय रेल मंत्री @AshwiniVaishnaw जी pic.twitter.com/qHnj62iCHG

Under the redevelopment project, passengers will benefit from improved and seamless entry and exit arrangements at both the main and secondary entrances of the station. The new station complex, being developed over an area of nearly 16,000 square metres, will showcase modern infrastructure and passenger-centric facilities. An additional high-level platform, two foot overbridges of 6-metre width, and nine modern lifts are also being developed for enhanced passenger convenience.

Dedicated pick-up and drop-off zones for private vehicles, taxis and auto-rickshaws are also being created to streamline passenger movement. A new parking facility spread across approximately 4,500 square metres will further improve accessibility and ease congestion in and around the station area. In addition, a comprehensive traffic circulation plan has also been prepared for the outer area of the station to ensure smoother vehicular movement.

The redevelopment project also includes the development of nearly 1,900 square metres of space for commercial activities. Besides providing world-class passenger facilities, the project is expected to strengthen Alwar's position as an emerging centre for tourism, trade and employment in the region.

The Railway Minister said that under the Amrit Bharat Station Scheme, three stations in Alwar area, Govind Garh, Rajgarh and Khairthal have already been completed. Across Rajasthan, redevelopment work is underway at 85 stations, out of which 15 stations have been completed so far. Shri Vaishnaw said that the completed stations include Barmer, Bundi, Dausa, Deeg, Deshnok, Fatehpur Shekhawati, Gangapur City, Gogamedi, Govind Garh, Rajgarh, Khairthal, Jaisalmer, Mandalgarh, Mandawar Mahwa Road and Somesar. Across the nation, 1,340 stations have been identified for development under the Amrit Bharat Station Scheme.

पूरे राजस्थान में अमृत भारत स्टेशन योजना के तहत 85 स्टेशन बनाए जा रहे हैं। उनमें से अब तक 15 स्टेशन बन चुके हैं: माननीय रेल मंत्री @AshwiniVaishnaw जी pic.twitter.com/aIQPvpxxMW

Shri Vaishnaw said that Rajasthan currently has five Vande Bharat Express trains in operation, while one Amrit Bharat Express has also been introduced. Shri Vaishnaw said that several new train services have also been introduced for Rajasthan in the last 1 year. These include Vande Bharat Express services from Delhi to Jodhpur and Delhi to Bikaner, Udaipur City to Ahmedabad Vande Bharat Express, the Swarna Nagri Express connecting Jaisalmer with Delhi, the Hyderabad–Jodhpur Bhagat Ki Kothi Express and the Pune–Jodhpur Express. He added a total of 46 new trains have been provided for Rajasthan in recent years, significantly improving connectivity and passenger convenience across the state.

The Railway Minister stated that the Railway Budget allocation for Rajasthan has increased to ₹10,228 crore under the present government, compared to about ₹682 crore during the earlier governments.

Highlighting railway infrastructure growth in the state, Shri Vaishnaw said that nearly 3,900 kilometres of railway tracks have been laid in Rajasthan since 2014. Ten Gati Shakti Cargo Terminals have already been commissioned in locations including Marwar Mundwa, Khemli, Bhupal Sagar, Sonu, Hanwant,

Sundlak, Mandalgarh, New Saradhana, Hirnoda and Kairla. He added that six more cargo terminals are under construction at Jogi Magra, Lanela, Dhankya, Kota Junction, Nawalgarh and Biradhwal, while approval has also been granted for eight additional terminals.

The Railway Minister said that Indian Railways is fully committed to supporting industries in Rajasthan by ensuring seamless freight connectivity to ports across the country for sectors ranging from cement and textiles to handicrafts, semiconductors and engineering products.

Shri Vaishnaw said that several major railway infrastructure projects are progressing simultaneously across Rajasthan. These include doubling works on the Agra–Bandikui, Ajmer–Chittorgarh, Bikaner–Lalgarh, Churu–Sadulpur and Luni–Bhildi sections; gauge conversion projects including Dholpur–Sirmathura–Gangapur City and Devgarh Madariya–Nathdwara; the third line between Mathura and Jhansi; third and fourth lines between Mathura and Nagda; and new lines such as Nimach–Badi Sadri and Pushkar–Merta City.

The Railway Minister further said that doubling work on the Rewari–Khatuwas and Ringus –Sikar section is also progressing. He added that the Sheopur Kalan–Kota new line and the Taranga Hill–Abu Road new line projects are also moving ahead. In addition, Umra–Debari doubling work is underway, ensuring railway development reaches all regions of Rajasthan.

राजस्थान में रेलवे के बहुत सारे नये प्रोजेक्ट चल रहे हैं: माननीय रेल मंत्री @AshwiniVaishnaw

Shri Bhupender Yadav thanked Shri Ashwini Vaishnaw for strengthening railway connectivity in the Alwar region and said that several train services have either been introduced or extended for the benefit of passengers. Shri Yadav said that the redevelopment of Alwar Railway Station reflects the grandeur and architectural identity of Rajasthan. He expressed confidence that the modernised Alwar station would emerge as one of the finest railway stations in the state. Shri Yadav also thanked the Railway Ministry for sanctioning and completing several railway overbridge and underpass projects in the region. He said that the project would greatly benefit the people of Khairthal, Kishangarh Bas, Behror and surrounding areas by improving connectivity and easing transportation.

Shri Bhajan Lal Sharma said that Rajasthan is benefiting from its proximity to Delhi, which is strengthening industrial and transport connectivity in the state. He said industrial centres such as Bhiwadi, Neemrana and Khushkhhera are being connected through improved railway and transport infrastructure. He said that two major rail connectivity corridors are being planned for the region, including one railway line towards Alwar and an RRTS corridor towards Behror. He added that these projects would improve integration with both conventional railway infrastructure and regional rapid transit systems, and the state government is committed to expediting their implementation.

Indian Railways continues to move ahead as a symbol of progress, trust and a developed New India. It is continuously working towards strengthening passenger amenities to ensure safe, convenient and comfortable travel for every passenger.

Dharmendra Tewari/ Dr. Nayan Solanki/ Ritu Raj/ Manik Sharma
